## "The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought has been directly traced to the impurity of the blood. **Purify impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery.** It purifies and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

### HUNGRY MAN'S ACT.

A gray-haired, sickly looking man walked into the banking office of C. B. Richard & Co., 28 Broadway, New York, yesterday afternoon, and asked for money to get food. He was ordered out, and after waiting for the street, stood looking for moment at the firm's window where a quantity of foreign money was exhibited. Then his glance fell on a piece of concrete lying in the gutter, and he picked it up. The window broke in a dozen places and the old man grabbed a 100-franc and 50-franc note and ran. Two of the firm's clerks caught him before he had got 15 feet away. He fought with all his strength to break their hold, and continued his resistance even when a policeman got there. The latter had to knock the old man down with his club before he would submit to arrest. The prisoner described himself as Thomas Kennedy, 70 years old, a sailmaker, with no home. He said he had eaten nothing for 48 hours, and his appearance indicated it. The police sympathized with him, but charged him with burglary and sent him to the detective bureau to be photographed.

Kennedy's Laxative Cough Syrup acts gently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take. Sold by W. F. Creighton & Co.

### PRINCE HELIE AND MME. GOULD.

Paris is in transports of excitement over the news of Prince Helie de Sagan's pursuit of Mme. Anna Gould to the United States.

While the question of the supposed prince's identity was still in some doubt, the curiosity was intense. Somehow Paris could not believe Helie had really "crossed the pond." There was every reason to believe he had done so. There had been rumors a plenty of his expected departure. He had a passport. And he couldn't be found anywhere on the continent. Still, French society had its doubts. It seemed, somehow, like such an extraordinary adventure. Now that an admission has been wrung by the New York reporters from the mysterious stranger that he really is de Sagan, the interest hinges on Count Boni's probable course of action.

Boni can't be found at present. He is presumably somewhere in Paris and the newspapers have looked high and low for him, but thus far without success. One thing is certain. Boni must be mad with rage. He could have prevented the whole thing—at least, he probably could have prevented it—by refusing to let Mme. Gould take her sons out of France. It isn't likely that she would have gone without them. But he gave his consent. For one thing, there is no doubt he wanted to please Mme. Gould, whose good will he has been making every effort to regain ever since the divorce. Perhaps he had a remembrance in mind. Paris thinks he did, anyway. Furthermore, he may have deemed it a good thing to get his former wife out of Prince Helie's country for a time. And now his whole plan has "gone smash," because Helie hurried across the Atlantic, too.

Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 5,000 grains of good food. Sold by W. F. Creighton & Co.

### DEMAND REFUSED.

The demand of the Pennsylvania Railroad Company for the certificate of \$1,500,000 from the District of Columbia Commissioners for the completion of a part in connection with the construction of the new union station and the grade eliminations, which payment is provided for by an act of Congress, will be promptly refused by the commissioners. This demand was made by the railroad company more than one month ago, claiming that it had completed a part of the contract, but Commissioners McFarland and West think differently, and announced yesterday that they cannot agree that the time has arrived for the payment of the sum of money. Commissioner Morrow thinks that the railroad company has completed its part of the contract, according to law, and that the commissioners should issue the certificate. He made a motion to this effect several weeks ago, and before the other two commissioners considered it they called for a public hearing upon the subject.

A part of the agreement with the railroad company was that it should erect a sub-station in the southern section of the city for the accommodation of travellers to and from the south, but up to this time no movement has been made toward the construction of such a sub-station. The demand of the railroad company for the money would in all probability have been granted, but for the earnest protest entered before the commissioners recently by Congressman Carlin and a number of business men of this city and southern Washington.

Can you believe your senses? When two of them, taste and smell, having been impaired if not utterly destroyed, by Nysal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected sinuses and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 56 Warren Street, New York, on receipt of 50 cents.
